Dear Mr. Reddick:

Reference is made to our recent telephone conversation regarding your Model 700 30/06 caliber rifle, serial number 359092, that you returned to us for examination when it fired upon moving the safety to the "fire" position.

Per our agreement, we have installed a new trigger assembly in the rifle and have made arrangements with our Accounting Division to reimburse you for the damages to your vehicles, in the amount of \$400.55. Please allow from 2 to 3 weeks for processing and delivery of the check.

We do regret the inconvenience caused you in this matter, Mr. Reddick, and trust that our handling meets with your approval.

Sincerely,

J.A. Stahl, Supervisor
