Dear Sirs:

Enclosed is a model 700 Remington, Serial #B6324614, 308 cal. rifle. The safety appears to have a defect. When safety is disengaged the rifle will sometimes fire, also when closing the bolt it will discharge.

As per the information I received from your customer Service on 8-13-91, they feel the defect might be in the manufacturing and may be covered under warranty. If it is not covered please give me an estimate before any work is done.

I may be contacted at my work# listed above between 8:00 A.M. and 5:00 P.M. Monday thru Friday or at my home phone# listed above after 5:30 P.M. Monday thru Friday.

Sincerely,

Mark Robinson
