Dear Mr. Rogers:

Reference is made to your letter of March 2, 1987, regarding the safety operation of your son's newly purchased Model 700 243 Win caliber rifle, serial number B6512603.

All Model 700 rifles produced after 1981 do not have the "bolt-lock" feature, i.e.- the bolts can be raised with the safety in the "on-safe" position.

The bolt-lock was eliminated based on the results of an independent marketing survey in which a greater percentage of the shooters felt it was not a necessary feature and preferred the capability of opening the bolt with the safety on.

If you desire the bolt-lock feature on the rifle, we can install the necessary part at a charge of \$15.00 to cover part, installation and handling. If you are interested, please send the rifle via insured UPS to:

In addition, please print "STEKL" on both butt ends of the shipping box in bold letters to expedite handling.

Thank you for your interest in Remington products and for affording us the opportunity to be of service to you.

Sincerely,

A handwritten signature in cursive script that reads "J. A. Stekl".
