205 W. Franklin Street
Kenton, Ohio 43326

10-5-93

Sir:

This rifle was recalled years ago.

The man that owns it has had 3 heart surgeries
and did not shoot it till a few weeks ago.

The gun will not shoot when you pull
the trigger, but when you raise bolt handle
it goes off. Please register.

Thank you,

Bob

It is also rusting under the receiver if you wish
blow it for \$50.00 or less, please do.
