Remington Arms.

Dear Sirs:

I purchased this gun Winchester
Remington Model 700 BDL Caliber 300
Winchester Magnum B 636 7742 from
Barry Ferris Mt Troy Rd, Pgh, Pa. It was
new when I bought it on 10-18-82.

The gun shot less than four boxes
of shells.

I understand there has been a recall
on this particular model.

This gun went off twice. Once while hunting
with it off safe. Several hours later upon releasing
the safe it went off near other hunters. It is
very dangerous.

Please repair Gun + return it to
me at your earliest convenience.

Thank you.
