Message: Dear Sir,

Enclosed is Rem 700 BDL 270. I was sighting my gun in for upcoming hunting season. As I flipped my safety off the rifle discharged, luckily no one around was hurt. I again put a shell in chamber + flipped the safety off and rifle went off. Tried several more times and it was OK. I called your Service Dept and they said to send gun immediately to them and they would fix it would you please check and fix safety system and also check out trigger assembly. Thank you Skip Showker.
