Since we found the firearm to be completely correct and to function normally in every respect, the Remington Arms Company, Inc., cannot assume any responsibility or liability for the alleged accidental firings, and are prepared to return the rifle to you in its present condition. However, if our customer desires, we will install a new trigger assembly at no-charge, as a gesture of good-will, if it will restore confidence in the rifle. We will await the decision and reply.

Thank you for affording us the opportunity to examine the rifle and report our findings.

Sincerely,
