

Dear Sir,

11/21/91
TUCON
Hansmann

I have a Remington 244 Model

2 BDL #376373

During deer season I put a shell in the

1991

and by hand and when I closed the bolt,

gun fired. It did this three times. It

air of the

seems to be working or new but I am afraid to

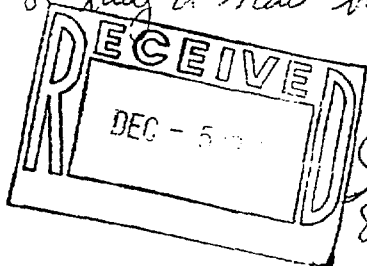

use the gun. Would you please advise me

ge also
ining the
number.

1 I should send the bolt to you for

e receipt

price or buy a new bolt.

Thanks
