DAY 502-255-7505

Dear Remington:

Every once in a while  
this rifle will fire as the bolt  
is closed. This has occurred 7 or 8  
times in about 400 rounds. There  
is no pattern. May not happen for  
100 rounds - then it happens once.  
in the next 50 rounds.

Only factory ammo is used.

Please notify prior to repair.

Thanks,
