

January 5, 1978

[illegible]

...the rifle & presented it to
Cook and got the standard intimation, to fire my
friend's rifle. Because it was still during hunting
season I replaced my husband's rifle at my personal
cost of approx. three hundred fifty dollars.

Later on I heard one Peterson that
Remington was recalling my rifle made The
Remington dealer at Glenmore, Alberta
suggested I send my rifle and estimate for
repairing the ruined rifle to you.

Respectfully yours,
A. A. Lichette
