

Burnet Tex 78611
11-28-89

Remington Arms CO
14 Waffler ave.
Ellicott, N.Y. 13357
Att: Jim Stehle

Sir, this gun discharges when
loading or unloading, when pushing
bolt down you can feel it cutting
metal, in the end of bolt you can
find brass cuttings. This is about
all I can tell you. The gun I
bought and has never been touched
with or worked on.

Thank you
Vernon Tucker

P.S.
I spoke to Patly, and gun is not
on recall. Thank you

The gun has discharged 4 different
times.
