

-2-

Since we found your rifle to function properly in every respect, we are returning it to you. However, prior to it's return we will thoroughly de-grease and clean the trigger assembly and properly re-seal the adjustments screws. Please allow sufficient time for this no-charge service to be performed.

Thank you for affording us the opportunity to examine the rifle and report our findings.

Sincerely,

J.A. Stekl  
Specialist,  
Product Service
