2/21/07-call received from Mary Brinson. In Oct 2006, her husband Steven Brinson was out hunting with his brother. He had the gun at his shoulder and it accidentally discharged and killed his brother. Steven is being charged in the case. The police have the firearm. He saw on our website about the 710 recall and wanted to see if we had anymore information. They did not know about the recall and did not send it in. I explained to her where the information on our site was and that if her attorney needed any further information, he could contact me and I would get him to the proper channels. lw 8/27/07-phone message from attny Herb Maxey 434-969-4873. He is representing family of an individual killed last oct by 710. Wants to know if the rifle fits into the recall. I gave the info to Dale Wills to contact. lw

MODEL 710® PRODUCT SAFETY WARNING AND RECALL NOTICE

Remington Arms Company, Inc. is voluntarily recalling a limited number of **Model 710 bolt-action rifles** as a result of its discovery, during routine test firing, that some Model 710 rifles **manufactured between July and October 2002** may have been assembled with an improperly made "Safety Detent Spring." Although unlikely, there is a possibility that the manual safety arm mechanism in such a rifle could fail to fully return to the "safe" or "on" position.

If you own a Model 710 rifle please enter your serial number below to determine if your firearm needs to be inspected or repaired as part of the recall.

Enter your Model 710 serial number:

WARNING: Use of a rifle with an improperly functioning safety could lead to an accidental discharge, resulting in personal injury, death or property damage. Owners of Model 710 rifles subject to this recall should **not** attempt to diagnose or repair their rifles themselves.

No other Model 710 rifles, or other models of Remington firearms, are subject to this recall.

Anyone who currently owns or possesses a Model 710 Rifle subject to this recall, or who purchased one and gave it or sold it to another party, should contact Remington immediately by calling **1-800-243-9700, or 1-336-548-8700, Monday through Friday 9 AM – 5PM EST**. Remington will assist you in making arrangement to have your rifle inspected and/or repaired by a Remington Authorized Repair Center at no charge to you. To expedite repair program, Remington will send shipping tags to each customer and will cover all related shipping and repair charges. **Please do not** return your rifle to a Remington Authorized Repair Facility before contacting Remington on the toll-free hotline.

Remington apologizes for this inconvenience, but wants its customers to enjoy the shooting sports **safely**. It is important, therefore, that owners of Model 710 rifles subject to this recall participate in this program and do not use their rifles before they have been inspected and or repaired.

Safety and safe firearms handling is everyone's responsibility.

BASED ON THE MODEL 710 SERIAL NUMBER THAT YOU ENTERED, THIS FIREARM IS INCLUDED IN THE RECALL.

STOP USING YOUR RIFLE IMMEDIATELY.

Please follow the directions below:

Use of a rifle with an improperly functioning safety could lead to an accidental discharge, resulting in personal injury, death or property damage. Owners of Model 710 rifles subject to this recall should **not** attempt to diagnose or repair their rifles themselves.

No other Model 710 rifles, or other models of Remington firearms, are subject to this recall.

Anyone who currently owns or possesses a Model 710 Rifle subject to this recall, or who purchased one and gave it or sold it to another party, should contact Remington immediately by calling **1-800-243-9700, or 336-548-8700, Monday through Friday 9 AM – 5PM EST**. Remington will assist you in making arrangement to have your rifle inspected and/or repaired by a Remington Authorized Repair Center at no charge to you. To expedite the repair program, Remington will send shipping tags to each customer and will cover all related shipping and repair charges. **Please do not** return your rifle to a Remington Authorized Repair Facility before contacting Remington on the toll-free hotline.

Remington apologizes for this inconvenience, but wants its customers to enjoy the shooting sports **safely**. It is important, therefore, that owners of Model 710 rifles subject to this recall participate in this program and do not use their rifles before they have been inspected and or repaired.

If you would like for us to contact you regarding your Model 710 rifle, please complete the following form:

First Name: Last Name: Phone Number: -- (e.g. 336-548-8700)Best Time to Call: -- (e.g. 1:00 PM EST)

Store Action:

If the Remington Model 710 gun box has a round yellow label with the letters SDS on the box end label, the gun is NOT part of the recall. The gun should be put on the shelf and made available for sale. If you have any Remington Model 710 guns without the round yellow label, please call Remington Arms Company, Inc. @ 800-243-9700 with the serial numbers of the Model 710 firearm and they will advise if the gun is part of the recall. If it is, they will advise on the proper way to have the gun evaluated and serviced.

Additionally, Please provide consumer contact information (name, address, phone # and serial #) to Remington @ 800-243-9700 on all model 710's you have sold since August 1, 2002. Remington will contact the customer and ensure that the firearms is appropriately serviced.

Remington®

December 3, 2002

Attention: Wal*Mart Stores

Store Manager:

Remington Arms Company has instituted a voluntary recall of a small number of recently manufactured Model 710 series rifles. We therefore request that you immediately discontinue the sale of any guns subject to the recall that may remain in your inventory until the action set forth in this letter has been taken.

The Model 710 series firearms involved were shipped August, September and October of 2002. A complete serial number listing of the involved rifles shipped to your business/store location is enclosed.

Please note that Model 710 series rifles with serial numbers other than those shown on the attached list are not involved, and you need not take any action on those guns. Also, no other Remington gun models are involved.

During routine test firing, Remington Arms discovered that some Model 710 rifles manufactured between July and October 2002 may have been assembled with an improperly made "Safety Detent Spring." Although unlikely, there is a possibility that the manual safety arm mechanism in such a rifle could fail to fully return to the "safe" or "on" position.

Since the safety and quality of our firearms is our primary concern, Remington is recalling all rifles which may have been assembled with the improperly manufactured "Safety Detent Spring" and replacing that part.

To assist in this effort, you should:

1. Immediately discontinue the sale of any involved Model 710 rifles in your inventory.
2. Call Remington at 1-800-243-9700 to discuss the retrieval and repair of those guns.
3. If you have sold some of the involved guns, please contact Remington promptly with each customer's full name, address, and phone number (*if known*) matching the serial number so we can contact them as soon as possible. Provide this information by telephone or fax, using the toll-free number above or by mail at:

Remington Arms Company, Inc.

Attention: Dept. SDS

P.O. Box 700

Madison, NC 27025-0700

We apologize for any inconvenience this may cause you, but our mutual customers deserve our very best combined efforts in repairing the involved rifles. If you or your customers have any further questions concerning this request, please call us on the above mentioned toll-free number between the hours of 9:00 AM and 5:00 PM Eastern Standard Time.

Thank you for in advance for your cooperation in resolving this important matter.

Sincerely,

Jay Bunting
Vice President of Sales, Marketing and Product Development
Firearms and Accessories

RECALL LETTER
#1

January 6, 2003

Dear Consumer:

Remington Arms Company, Inc. is voluntarily recalling a limited number of recently manufactured Model 710 bolt-action rifles. The retailer from whom you purchased your rifle has provided us with your name and address. The Remington Model 710 rifle that you purchased is subject to this recall. (If you no longer own or possess this Model 710 rifle please provide us with the name, address and telephone number of the person to whom you transferred the rifle so that we may notify them of this recall).

WARNING: You should immediately stop using this firearm.

During routine test firing, Remington discovered that some Model 710 rifles may have been assembled with an improperly made "Safety Detent Spring". Although unlikely, there is a possibility that the manual safety arm mechanism in such a rifle could fail to fully return to the "safe" or "on" position. Use of a rifle with an improperly functioning safety could lead to an accidental discharge, resulting in personal injury, death or property damage. Owners of Model 710 rifles subject to this recall should not attempt to diagnose or repair their rifles themselves.

Because Remington is concerned about the safety and quality of its firearms, we have instituted this recall program. We have enclosed a prepaid UPS ARS label for the safe return of your rifle to a Remington Authorized Repair Center. We will inspect and, if necessary, repair your firearm and return it to you in a timely manner. Remington will cover all shipping and repair charges; you will not have to pay for any of these services.

We apologize for any inconvenience. If you have any questions or if we can be of further assistance, please contact us at 800.243.9700, Monday-Friday, 9:00 a.m. – 5:00 p.m., EST. You may learn more about this recall program by visiting the Remington website at www.remington.com.

Sincerely,

Remington Consumer Service

Consumer Letter #1

January 6, 2003

Dear Consumer:

Remington Arms Company, Inc. is voluntarily recalling a limited number of recently manufactured Model 710 bolt-action rifles. The Remington Model 710 rifle which you contacted us about is part of this recall. (If you no longer own or possess this Model 710 rifle, please provide us with the new address and telephone number of the person to whom you transferred the rifle so that we may notify them of this recall).

WARNING: You should immediately stop using this firearm.

During routine test firing, Remington discovered that some Model 710 rifles may have been assembled with an improperly made "Safety Detent Spring". Although unlikely, there is a possibility that the manual safety arm mechanism in such a rifle could fail to fully return to the "safe" or "on" position. Use of a rifle with an improperly functioning safety could lead to an accidental discharge, resulting in personal injury, death or property damage. Owners of Model 710 rifles subject to this recall should not attempt to diagnose or repair their rifles themselves.

Because Remington is concerned about the safety and quality of its firearms, we have instituted this recall program recalling your firearm. We have enclosed a prepaid UPS ARS label for the safe return of your rifle to a Remington Authorized Repair Center. We will inspect and, if necessary, repair your firearm and return it to you in a timely manner. Remington will cover all shipping and repair charges; you will not have to pay for any of these services.

We apologize for any inconvenience. If you have any questions or if we can be of further assistance, please contact us at 800.243.9700, Monday-Friday, 9:00 a.m. – 5:00 p.m., EST. You may learn more about this recall program by visiting the Remington website at www.remington.com.

Sincerely,

Remington Consumer Service

December 16, 2002

Dear Consumer:
