Dear Sirs:

I sold this gun to a customer about 1 year ago. It was a new gun. My customer tells me that when he chambered a round in the gun and took the gun off of safety that it fired. He swears that he did not have his finger on the trigger. Please check this gun out and return to me when finished. The gun is a 22-250 Remington Model 700 BDL, serial number G6218322. I am enclosing a signed copy of my FFL for your files. I do appreciate it. If you have any questions please don't hesitate to give me a call at the above number or FAX me at the above FAX number. Again, I do appreciate it.

Sincerely,

Arch C. Koontz, Jr.
