ON 10/17/02 I HAD A CONVERSATION
WITH A REPRESENTATIVE OF REMINGTON,
WHO TOLD ME TO SEND THE RIFLE
BACK WITH A NOTE EXPLAINING THE
PROBLEMS WITH THE ENCLOSED RIFLE.
I HAVE HAD TROUBLE SINCE I'VE HAD
THE RIFLE, WHEN I FIRST HAD THE RIFLE
I COULD NOT GET THE PIN TO SLIDE TO
SET OFF THE CAP. MY PROBLEM NOW IS
IF I PUT THE RIFLE IN LOAD POSITION
(BOLT FORWARD) WITH THE SAFETY ON AND
PULL THE TRIGGER THEN PUT THE

SAFETY OFF THE PIN FIRES,

MODEL 700 ML
