MAIN FAULT

Unable to duplicate above complaints. Many attempts were made to make the rifle malfunction in these ways, without success. It was noted however, that the trigger assembly is oily and dirty, and that the trigger pull has been adjusted out of factory to 2.5 pounds. This is below our min. spec. See - lift. 8085-11.

COMMENTS

Offer to clean & re-set present trigger assembly, or, we can offer a new ~~trigger assembly~~ trigger assembly at to normal cost, as a gesture of good-will.
