Dear Sirs:

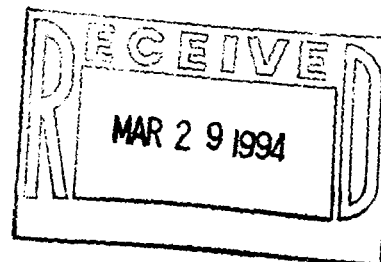

I have a Model 700, 30-06, S/N A6487100. The rifle has accidentally fired in the past while moving the safety. After seeing the "60 Minutes" special last week on Firearms Safety, I was hoping that you would be able to correct the defect.

Please let me know whether or not you will be able to repair my rifle and any cost that might be involved.

Sincerely,

A. P. Arrington
