Dear Sirs:

I own a Model 700 Remington rifle -
243 calibre - serial # 46475401. I was
unloading it and it fired. I didn't touch
the trigger.

I am an experienced gun handler
and have many guns. This is the first
time this has ever happened to me.
I like the gun very much but now
I'm afraid to use it.

I remember reading in one of
my hunting magazines that this
model was having some problems.
I am sending you the gun as per
your telephone instructions to be checked.

Yours truly
R. Eugene Blavins
