THE GUN WENT OFF. I CLOSED THE BOLT
REAL SLOW THE SECOND TIME IT WENT
OFF AGAIN THE SEAR WAS STUCK DOWN
I THOUGHT THE DRYED OIL MAY HAVE BEN
THE PROBLEM. I SOAKED THE ACTION A
FEW DAYS. I REASSEMBLED THE GUN BACK
IN THE STOCK AND WENT BACK TO
THE RANGE. THE GUN WORKED FINE
I TOOK IT OUT THIS YEAR 2005 AND WENT
TO THE GUN RANGE FIRST TIME I CLOSED
THE BOLT THE GUN WENT OFF. SOME HOW
THE FIRE PIN IS JUMPING THE SEAR OR
THE SEAR IS STUCK DOWN? PLEASE FIX IT
THANK YOU
