

Dear Sir:

My Name is Todd Bright and I work at
Dunn's Sporting Goods Inc. in Paducah, Ky.

I am sending a gun I personally own
to you to look at. The gun is a Remington
788 22-250. I had the gun to go off on me
while hunting last year. I had decided this
year to rebble the gun when I found out
why it ~~was~~ went off. With the gun cocked and
on safety if you will put any pressure on the
trigger ~~and~~ and then push the safety on fire
it will go off. I would appreciate your help
in straightning this matter up. I can be reached
at (502) 443-2144 during the day. Thank you for
your time.

Sincerely,

TODD BRIGHT
