RE00071444

Oct 3, 2003
Augusta, Ky.

Dear Sir,

I am returning this gun for repairs.
The gun won't cock, it goes off when you push
the Safety up.

I took the gun apart to clean it and a
piece fell out. It is taped in the top.

Enclosed is a piece of the Ram Rod that
is broken. Please send a replacement piece.

After calling the company the lady advised
returning the gun.

10/20/03 Trig Commuter *Bob* Thank you
