

Mr. Jim Stekl
Remington Arms

11/5/91

Dear Jim:

This is to confirm our phone call today... my 6MM Rem. Model 700 Serial 367847 will fire when you switch off the safety - without pulling the trigger.

Obviously, this is very unsafe and must be corrected. Unless the cost, if any, exceeds the value of the gun, please go ahead and fix it.

If advance payment is required, please let me know and I can give you my Master card number on the phone - I am anxious to get the rifle back (as soon as possible).

Thank you for your help.

With all best wishes,

Robert DuVon
