Dear Charles:

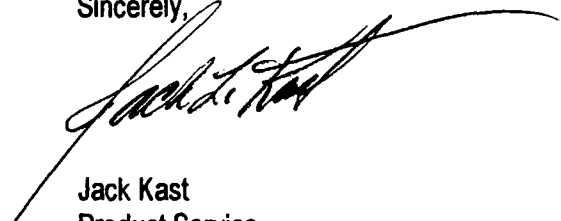

I've sent your M/700 to our Arms Service Department for a new trigger assembly, and you can expect to receive it back shortly.

I would be happy to assist you with the purchase of a new M/700 at a special price, therefore, I've enclosed one of our catalogs to assist in your selection.

We do need the gun transaction to go through a person or dealer who has a current F.F.L. License for shipping and sales records.

Please call once you have made your selection and I'll confirm a price for you, and we can work out the details from there. My direct phone number is (315) 895-3558.

Sincerely,

Jack Kast
