Please describe your problem:

Three times when I went to unload the rifle I turned the safety off the rifle fired unexpectedly. Then last year during deer season I went to shoot, the trigger was stuck I pulled harder then it finally fired. I went to use it this year and the firing pin was stuck forward and I finally got it unstuck with Remoil. I didn't want to chance it so I bought a Remington 700 BDL 300 ultra Mag and that was in for repair of the
