

MAY 20, 1995

Remington: To Whom it may Concern.

Copy of LAST Time I sent The Rifle To you
is enclosed.

I was charge For The LAST Time I sent you
This Rifle To Correct The Problem, of The Gun Firing
with out Pulling The Trigger (Shutting The Bolt Or
TAKING The SAFE OFF.

I don't Think I should have been charged
For The Repair Because This Has Been a
Problem With The Rifle Since it was Purchased
New.

We were lucky No one was injured at
The Times it has Fired with out Pulling The
Trigger Once Before I sent it To you in
Dec 13, 1991 and Once After it was Supposed To
Have Been Corrected.

The First Time I sent it To you. you asked For
The Barrel Action only. This Time I am Sending
you The Complete Rifle.

IF This Problem is Not Corrected This Time
I am going To Take some Other Action.
