703-778-3255

August 10, 1995

Dennis Remington Arms:

On 8-9-95 I sold
the 7 mm enclosed to my customer.

On receipt of the gun he took
it home fired 3 times and on the
4th round he got blow back
through the bolt with minor
powder burns. He was using 7 mm
Remington Ammo as told to
me. I want it thoroughly checked
because I would not want anyone ^{COVER}
hurt. I exchanged another 7 mm 700 out
of my personal stock to keep him happy. Thanks
for.

P.S.

I also could not get the screw
out of the rear base. Must have
arced it after the blow back.

Nope To Hear
Back Soon!
