Gentlemen:

I am returning to you for you to check the above rifle. I have checked with a local sporting goods store and they advised that they may have been a recall on the above gun. The problem is that this rifle had a bullet in the chamber and fired by itself, in contacting your service department they advised the only way they could advise me or check it is to return it to you.

Your immediate attention to this matter will be greatly appreciated.

Thank you
George M. Herbink
