Safty Malfunctions
Remington Arms
1007 Market Street
Welmington, Delaware 19898

Dear Sirs:

I have a Remington 700 BDL #6711465 .222 that fires
sometimes when I take the safty off and I do not have a
finger on the trigger.

Please advise.

Thank you.

Sincerely,

A handwritten signature in cursive script, appearing to read "Bryce Knight".
