Dear Mr. Lester:

Your letter of November 11, 1993 that was addressed to our Wilmington, DE facility, advising of the alleged accidental firing you experienced while closing the bolt assembly on your Model 700, 270 caliber rifle, has been forwarded to this office for handling.

We were indeed sorry to learn of your having a problem of the nature you described.

Generally the type of problem you related results from either improper adjustments of the trigger assembly outside our factory, from improper maintenance of the rifle or from inadvertent contact with the trigger when the safety was in the fire position.

However, we would very much like to have the opportunity to examine your rifle so that we can evaluate the cause of the incident.

If this is agreeable to you please, at your convenience, return the rifle to:

Remington Arms Co., Inc.
Attn: D.J. Sanita, Product Service
14 Hoefler Ave.
Ilion, NY 13357

Please be sure to mark the (2) butt ends of the outside of the package "Sanita" to expedite the handling.

Thank you for bringing this matter to our attention, and I look forward to being of service.

Sincerely,
