Reference: M/700, 6mm Rem.
Serial Number B6513464

This rifle is being sent for the following repairs:

1. Please adjust for CREEP in trigger. I note the screws are sealed in wax and I assume this is a factory job.
2. On rare occassion the the firing mechanism will discharge upon closing of the bolt.

Due to the size of the only box I could locate, I was unable to send the stock.

Thank you for your attention to this matter.
