

Ken Green

RECEIVED SERVICE PERSON,

7199A I HAVE A Remington 700
CLASSIC 30/06 SERIAL # A6623640

PRODUCT SERVICE I PURCHASED IN 1979.

I NEED SOME INFORMATION
AS TO HOW TO STOP THIS GUN
FROM FIRING WHEN YOU
ARE EMPTYING OUT THE SHELLS
AFTER HUNTING.

AS YOU KNOW YOU CAN'T OPEN
THE BOLT ~~ON~~ WITH THE SAFETY
ON -

THE GUN HAS WENT OFF
TWICE WHILE I WAS EMPTYING
IT. THE FIRST TIME I
THOUGHT MAYBE I HAD HIT
THE TRIGGER - BUT LAST
WEEK IT DID IT AGAIN
AND I KNOW THAT I DID
NOT TOUCH THE TRIGGER
BECAUSE IT WAS IN A
GUN VISE.

OVER

ANY INFORMATION ON THIS
CONDITION WILL BE APPRECIATED
GREATLY -

THANKS
