

Remington 700 M.L.S. Muzzleloader stainless

Serial # ML 016204 50 CAL.

While sighting in the rifle the 3rd. time
I loaded A 100 Grain charge of Powerdex
pellets the SAFETY worked really hard. When
I took the SAFETY OFF the Gun Fired!
Now when I cock the bolt the Gun will
Fire IF you move the bolt or take the
gun OFF SAFETY.

Could not duplicate
Altered adjustments and
a recent excessive oil job.
Install new T.A. nlc
