RE: CARLTON P. NEWMAN – Pre-Lit

DATE: November 14, 2002

Fred, I received today a letter from a Patrick A. Quinn, Esq. on behalf of the above-referenced claimant. Mr. Newman claims that he was going hunting with a friend and when he closed the bolt of his pre-1982 Model 700 after loading, it discharged and sent the bullet through the lower portion of the rear door and into the step bar on the outside of his friend's truck. Mr. Quinn states in his letter that he is not at this time counsel of record for Mr. Newman and therefore, you may contact Mr. Newman directly. I received the letter today, November 14, the letter is dated November 8, Mr. Newman is demanding that payment be made to him directly within ten (10) days from the date of the letter, which is November 8. Please proceed to investigate this matter. Please copy me on any and all correspondence.
