Encl; 1 Remington 223cal. 700 EDL That I purchased
NEW; twenty years ago... I had not had occasion to
fire this gun until 1992
HOWEVER; The first ten shots were very clean, and worked
without flaw.... Then we noticed a "Jamming of the bolt"
we thought, and a few moments later placed a loaded round in
the barrel with the safety on-----let the safety off,
and "THANK GOD WE DIDN'T TRUST THE SAFETY DEVICE..."

It was *push* Down *the* *gun*

I talked with your customer service lady and she suggested
a factory return

We are out of town Jan 29 Feb 8 - Feb 10 Mar 3
we will be home February 8, and leave February 29.

If the gun is ready to ship prior to these dates it
will be helpful-- - if later-- hold til March 25, 1992

We have *no* *idea* *when* *it* *will* *be* *ready*
We *are* *not* *sure* *when* *it* *will* *be* *ready*
March 1992
