TO WHOM IT MAY CONCERN,

THIS RIFLE HAS STARTED TO RELEASE THE FIRING PIN
WHEN THE SAFETY IS PUSHED FROM THE SAFE TO THE FIRE
POSITION. IT DOES NOT HAPPEN EVERY TIME, BUT IT
DID HAPPEN TO ME ON THE RANGE, (WITH A LIVE ROUND), AND
SEVERAL TIMES AFTER, (WITH AN EMPTY CHAMBER).

I BOUGHT THIS RIFLE AT A GUN SHOW AND DO NOT
KNOW IF IT HAS HAD THE RECALL REWORK FOR THIS MODEL.
I HAVE OWNED THIS RIFLE FOR 11 YEARS AND THIS PROBLEM
ONLY STARTED LAST YEAR. THERE HAS BEEN NO MODIFICATION
THAT I KNOW OF BEFORE I OWNED IT, AND NONE AT ALL
SINCE I HAVE OWNED IT. IT ALSO HAS BEEN IN MY TOTAL
POSSESSION SINCE I BOUGHT IT.

THANK YOU.
