CUSTOMER'S REQUEST

Per Phone when safety is moved from safe to fire position gun will discharge.
 Cannot duplicate complaint, however, trigger assembly has been improperly adjusted & it is likely that the trigger is in insufficient over-travel. 3) Trigger pull below our spec. at 2 3/4 pounds. Also, trigger assembly is contaminated with sticky substance, impeding movement of internal parts.

Offer replacement trigger assembly at 1/2 normal cost, as gesture of good-will.
