	The reason I AM returning the Gun is, on NOV 15 1993 The Gun Discharged when I took it OFF SAFETY. The Gun worked Fine the rest of The year. ON NOV 1st 1994 I took The Gun out For the year. Before I fired it I put A SNAP CAP in it And I played with it. The Gun malfunctioned again. That is why I'm returning it to you For Repair.		
	AS Long AS the Gun is There, I was wondering if you could FLOAT The BARREL For me And check the rest of The Gun over For me. IF There is A COST PLEASE CALL me ASK For Ted Jr.		
	PLEASE return the the ADDRESS Above
