| <input checked="" type="checkbox"/> I would like to receive future e-mail updates from Remington.  |   |
| Please describe your problem: We have not used this gun for hunting in over ten years because my Dad was hunting with this gun and when he moved the safety from the "Safe" position to the "Fire" position, it went off. He is a very careful, safe hunter and had the muzzle pointed to the ground. We were afraid to hunt with it after that and left it in the closet until we saw your Safety Reminder. |   |
| Ammunition Information:  |   |
| Manufacturer:  | Type: As Received Bolt Release seized - |
