Bolt lock Modification Program

3041

EU 10/71 22" 10t , *o l*o

I want to participate in your Safety Modification Program. I have a Model 700 3007 that has fired when the bold was put down. This has happened after one round was fired, the gun went off as the bold was put down on the second round. I was told of the safety program from the gunsmith I tool the gun to because of it going off when the bold was put down. I then called Remington and was told to send it in for the safety program modification.

Thank you,

Hi

Nicholas Ison 1552 Parknoll Lane Port Washington, WI 53074

Thank you for your participation in the Safety Modification Program. We sincerely appreciate your continued support of Remington products, as well as your continuing participation in the hunting and shooting sports.

Insuring that our customers are familiar with proper firearms care and maintenance, along with safe gun handling practices remains a continual focus point at Remington. Visit www.remington.com where you will find firearms care and safety tips including our interactive guides to shooting and hunting safety, centerfire rifle basics and shotgun basics.

As a result of your participation in the Safety Modification Program you are eligible to receive a Remington blaze orange hat. In order to receive your hat, please complete this for and enclose a copy of your repair order or invoice.

Send My Hat To:

ichdas First Name Street 1552 Parknoll City/ort Washingtorphiate Parknol P.O. Box u Zip Phone (262) 268 -6889 Email Aci Son @ S. COM Warranty Center Name. Warranty Center Number Model Number 700 Serial Number 6 К
