Heads up – I think this will be for you.

Just spoke to a fellow with a new 700 SPS 308 cal. He is saying the gun discharged on safe when he raised the bolt. Apparently blew a hole in his truck, destroyed a brake caliper and cost him approximately \$600. No personal injury.

I have entered a request for an ARS label.

This is one we should get over here since he's claiming property damage. Thanks for the heads up. I'll get the ARS from Anita so I can send a letter with it.

#3998, Re: Model 700 .308

Mr. Black, print the attached and paste/tape it to the rifle box for pre-paid shipping coverage of your Model 700 rifle to our factory.

Enclose a copy of this email as well. We will be inspecting the rifle once received and will contact you with that information.

Please mark the small ends of the box with "Supry", as he will be inspecting and sending the data to me afterward.

Sincerely,

Christy Mitchell
