PI PD S C	Cause:4079 Other - Unexamined Concern:1007 Fired on Safe Release		Unknown	

5/21/09 Lt. Woods said that last night the officer disengaged the safety and the rifle fired. The rifle and another 700 have currently been locked up until contact was made with us. A safety officer was watching the shooter and said his finger was outside the trigger. They've contacted Gunworks of NY for pricing on triggers but wanted to call us to see if we've had a recurring problem of this with our rifles as they have heard. They have not had an armorer until recently and the Lt. I spoke with was not sure of the maintenance of these rifles.cm
