Dear Mr. Allen,

Enclosed is a prepaid UPS shipping label to cover shipment of your firearm to our factory for examination.

**Please include a copy of this letter to put inside the shipping container. The letter inside is important as sometimes the outside label gets damaged in transit and we want to be sure the firearm is logged in correctly. Mark the ends of the box with "Product Service".** Product Service will be inspecting the firearm and will contact me with the results.

I hope that this action will keep you a loyal Remington customer.

Sincerely,  
D. Fulcher

Please describe your problem and date of occurrence: <i>I want a full refund of \$338.14 due to the rifle firing without anyone pressing the trigger. On Nov. 25, 2010, I showed my son a deer and as he sat down, I pushed the safety forward and the gun fired on it's own almost hitting him and injuring my right wrist two times. After that I removed all the bullets from the rifle.</i>

I do not want this gun repaired and sent back to me. I saw on a news broadcast how dangerous these 700 models are. And now I know from experience it will fire without pressing the trigger. I am just grateful that my eleven year old son was not in front of the gun when it fired.

The Leopold scope mounts worth 40 dollars, installed with Allen screws which came with Loctite on them. So I couldn't remove them. Please send refund of \$338.14 plus \$40.00 for scope mounts.

Thank you,  
Joshua Kevin Allen
