Dear Mr. Faris,

Per our phone conversation, following is the prepaid UPS ground shipping label for shipment of the firearm to our factory for inspection. Please include a copy of this letter with the firearm. **The letter inside is important as sometimes the outside label gets damaged in transit and we want to be sure the firearm is logged in correctly. Please mark the ends of the box with "Product Service".**

I apologize for the inconvenience that this incident has caused and I hope that these actions will keep you as a loyal Remington customer.

Sincerely,

This rifle was handed down to me from my FATHER. I used it in our hunting trips for years. The last trip when I took the safety off to fire, it fired before I touched the trigger. This happened twice and after the second time I quit using it. Thanks for looking it over.
