Dear Mr. Hansen,

You will receive a pre-paid shipping label in a separate email within 24-48 hours. Please include a copy of this letter to put inside the shipping container. The letter inside is important as sometimes the outside label gets damaged in transit and we want to be sure the firearm is logged in correctly. Mark the ends of the box with "Product Service". Product Service will be inspecting the firearm and will contact me with the results.

I hope that this action will keep you a loyal Remington customer.

Sincerely,  
D. Fulcher

700 classic 30-06

writing to inform you that i had this weapon since new with no modifications' and it fire last year when i switched off the safety. i placed the gun in a case over night and in the morning it had fire again on its own. what should i do with this gun. my father bought it for me new in 1987 and still looks the same. it has about 10 boxes of shells through it so i know it is far from being worn. i truly love this gun, but now i'm worried. i did have the gun looked at. the gunsmith at that time cleaned the gun, adjusted the trigger and bedded the rifle, he said he thought the trigger may have been dirty. but now with all that's been said, i want to hear from you.

Dear Mark,  
We would like to have the firearm come into our Product Services Department at our factory for examination. Please reply back to me with the serial number of the firearm, caliber, your mailing address and phone number. We would like to send you a pre-paid shipping label for UPS to have the firearm come in. I will also include a form that you can fill out to let the examiner know exactly what happened, when this occurred, and what you are expecting.

Sincerely,  
Dell
