Remington Arms Attn: Arms Servicer 14 Hoefler Avenue Ilion, NY 13357 Model: 700
Model: 700
RE00162249

Dear Remington Arms:

I have owned the enclosed Remington Model 700 (SN# D6248274) since it was new. There has never been any trigger work or any other type work done on this rifle. This rifle has gone off twice since it was new, most recently this past weekend. I know for a fact when I was injecting a shell with the bolt action—the trigger was never touched.

I talked to Daniel in your customer service department earlier this week and he requested I send the gun to you to look over.

Please take a look at the gun and make sure it is safe to hunt with. I really enjoy the rifle and very much would like to continue to hunt with it.

Thanks in advance for your help. If you have any questions, do not hesitate to contact me via my cell phone (404)915-9739.

Sincerely,

J. Nelson Northcutt
