11/22/11 Per call from Ray, he bought this rifle 2nd hand in the '70s. He has had it reblued and serviced in the last 18 months. The last time he was at the deer release he was standing behind his truck, he had 3 rounds in the rifle and began to unload them from the top. It's a BDL but he prefers to unload them from the top when it's dark. When he closed the bolt on the 3rd round it fired. He had never had this happen before. This happened after it was serviced locally by Red Adams.cm
