Re. Remington Model 700

Please find enclosed Remington Model 700, Serial # B6286409 which I am sending to you for repair at the direction of Remington Arms Co. I purchased this gun new in the early 1980s and am its only owner and user.

On several occasions the gun has discharged during the act of chambering a round and without my touching the trigger. Additionally, the gun has fired while simply moving the safety to the fire position.

Per Remington's policy, I would appreciate your repairing or replacing the defective part(s). Should you have any questions please contact me at 601-594-2015.

Thank you.
