<b>Please describe your problem:</b>			
Rifle fired when closing bolt. I notice from your website that there was a 1979 recall for this rifle. As this rifle has been in storage, until recently, since 1978 I am sure that there has been no modifications.			
I am shipping the rifle without stock and with the bolt removed for convenience.			
Vincent W. Nunez			
<b>Trigger guard appears to have been broken during shipping.</b>
