11/27/12 Per call from John, when coming back in from hunting Sunday morning they all laid their rifles on the pool table. He had a round in his rifle and picked it up and when he lifted the bolt to eject it fired. It shot a hole in a new pool table and damaged a set of patio doors. He has had it for a while and it worked fine. He inherited the rifle. 3 people have ringing ears from this incident.cm

We can clean, replace TPA no charge as goodwill but will not cover PI/PD. This was from maintenance not a defect from the factory.cm 1/7/13 Voice message from Kowalsky stated he was ok with the replacement TPA and repairs. He asked if he could get the old trigger back also to see it. I will call him and let him know that we don't send back the parts that are out of spec.cm
