4/13/12: Customer called in. He bought a used M/700. He stated he had a FSR with his M/700 about 2 weeks ago. He did not have the incident date. He stated the bullet shot through his mom's china cabinet and 7 walls. He stated he does not have the gun any longer. He sold it to someone else. He said he told the new owner what happened & the new owner did not seem concerned. Customer did not have the name & address of new owner. Customer began talking about Mike Walker & the CNBC show. Customer said he spoke to an attorney & the attorney told him that he did not have to have the rifle any longer to make a claim with us. I explained that we needed to examine the rifle to try & determine what may have happened. He said that he couldn't get the gun back. I gave the customer our toll free number & my extension in case the new owner wants to send the rifle in. Customer did not have the serial number or caliber of the rifle. df
